

## 7. CLOSURE PLAN AMENDMENTS

The conditions described in IDAPA 58.01.05.009 (40 CFR 265.112), "Closure Plan; Amendment of Plan," will be followed to implement changes to the approved closure plan. Should unexpected events during the closure period require modification of the approved closure activities or closure schedule, the closure plan will be amended within 30 days of the unexpected event. A written request detailing the proposed changes and the rationale for those changes, and a copy of the amended closure plan will be submitted to DEQ for approval or DEQ will be otherwise notified. Minor changes to the approved closure plan, which are equivalent to or do not compromise the closure requirements and performance standards identified in the approved closure plan, may be made without prior notification to DEQ. Minor changes will be identified in the documentation supporting the independent PE certification.

## 7. CLOSURE PLAN AMENDMENTS

The conditions described in IDAPA 28.01.02 005 (40 CFR 282.112) "Closure Plan; Amendment of Plan," will be followed to implement changes to the approved closure plan. Should unexpected events during the closure period require modification of the approved closure activities or closure schedule, the closure plan will be amended within 30 days of the unexpected event. A written request detailing the proposed changes and the rationale for those changes, and a copy of the amended closure plan will be submitted to DEQ for approval or DEQ will be otherwise notified. Minor changes to the approved closure plan, which are equivalent to or do not compromise the closure requirements and performance standards identified in the approved closure plan, may be made without prior notification to DEQ. Minor changes will be identified in the documentation supporting the independent PE certification.

## 8. CERTIFICATION OF CLOSURE

Within 60 days of completing the closure activities, a certification of closure of the VES-SFE-106 tank system will be completed, in accordance with IDAPA 58.01.05.009 (40 CFR 265.115), by an independent, registered PE to the operating contractor and the U.S. Department of Energy Idaho Operations Office. The PE and owner/operator signatures on the closure certification, which will be submitted to the DEQ, will document the completion of closure activities in accordance with the approved closure plan and State of Idaho HWMA/RCRA requirements. This closure certification may also identify any minor changes to the closure plan made without prior approval of the DEQ. Closure of the VES-SFE-106 tank system will be considered complete upon receipt of written acceptance issued by the DEQ. The VES-SFE-106 tank system is not a hazardous waste disposal facility, and therefore, a "Notice in Deed" and a survey plat are not required.

## 8. CERTIFICATION OF CLOSURE

Within 60 days of completing the closure activities, a notification of closure of the VES-27E-106 tank system will be completed, in accordance with IDAPA 53.01.02.009 (40 CFR 262.112), by an independent, registered PE to the operating contractor and the U.S. Department of Energy Idaho Operations Office. The PE and owner/operator signatories on the closure certification, which will be submitted to the DEQ, will document the completion of closure activities in accordance with the approved closure plan and State of Idaho HWMA/RCA requirements. This closure certification may also identify any minor changes to the closure plan made without prior approval of the DEQ. Closure of the VES-27E-106 tank system will be considered complete upon receipt of written acceptance issued by the DEQ. The VES-27E-106 tank system is not a hazardous waste disposal facility, and therefore, a "Notice in Deed" and a survey plat are not required.

## 9. COST AND LIABILITY REQUIREMENTS

The federal government, as owner of the INL Site, is exempt from the requirements to provide cost estimates for closure, to provide a financial assurance mechanism for closure, and regarding state-required mechanism and state assumption of responsibility per IDAPA 58.01.05.009 [40 CFR 265.140(c)]. The federal government, as owner of the INL Site, is also exempt from liability requirements.

## 8. COST AND LIABILITY REQUIREMENTS

The federal government, as owner of the ILL Site, is exempt from the requirements to provide cost estimates for closure, to provide a financial assurance mechanism for closure, and regarding state required notification and state assumption of response by IDAPA 28.01.03.002 [40 CFR 265.140(c)]. The federal government, as owner of the ILL Site, is also exempt from liability requirements.
